

The Lasalle Avenue Project Volume 70 09.25.15

Lasalle Avenue from 8th Street to Grant Street

FOR THE WEEK OF SEPTEMBER 28-OCTOBER 2

From 8th Street to 12th Street, City crews will continue working on fixtures for street lighting and traffic signals.

- The city will be installing new sidewalks on the East side of Lasalle from 10th Street to 11th Street and both sides from 11th Street to 12th Street.
- There will also be other miscellaneous sidewalk work throughout the project.

On Friday/Saturday, October 2nd and 3rd the city will be doing a mill and overlay project on 9th Street from Marquette Avenue to Hennepin Avenue. This work will include the intersection of 9th and Lasalle. On October 2nd, there will be a period of brief delays while the mill works near the intersection, and on Saturday October 3rd, North-South traffic will be restricted. Also, on Friday, October 2nd, the header at 8th Street will be milled. Thru traffic will be maintained, but there may be brief delays while the mill is working in this area.

The final layer of asphalt surfacing is currently scheduled to be placed on Lasalle Avenue from 8th Street to 12th Street on Saturday, October 17th.

We do appreciate your patience and understanding as we proceed with this project. Our goal is to keep you informed of our plans and schedule as we proceed and to fully construct the new Lasalle Avenue as quickly as possible.
